Some elements at base value in ISU Solo Dance SOV have the same code as some Partnered Ice Dance elements with the B partner identifier in the Skate Canada SOV (e.g. DiStB = Solo Ice Dance, Diagonal Step Sequence Level Base and Partnered Ice Dance Diagonal Step Sequence Partner B No Value). In these cases, a 'So' prefix has been added to the Skate Canada Solo Ice Dance element at all levels of difficulty. Note that although this prefix has been added in the Skate Canada SOV, the values are the same as those in the ISU SOV.
